

L'ESPERANCE Children's Village Kinyo Uganda

The children's village is situated about 75 km (50 miles) southeast of Kampala in 1200 m altitude overlooking Lake Victoria. It was founded in **2013** and continues the work that was begun in **1988** with the children's village Kirinda.

Wilbroad Byamugisha, our director already in Kirinda, is responsible for **100 orphans**, 65 of which live in Kinyo, while the others are on boarding academies, universities or in vocational training. Sponsors are still needed for some of the children. Our **kindergarten** and the four classes of the **elementary school** are attended by **233 children**.

The **grounds** comprise **87 ha** of forest, pastures and cropland for vegetables, cereals and fruit. The **poultry farm** with a potential of 1.000 laying hens is planned to serve as an income source again this year. There is a small **banana plantation** of about 2.000 plants. On an area of about one hectare **passion fruits** are cultivated.

The goal of every L'ESPERANCE children's village is to secure **self-subsistence** and to teach the orphans through various production areas as much knowledge as possible for their future lives. Another goal is to reduce the dependence on donations. The water supply of the village is guaranteed through wells on our land. 5,4 km of water pipes lead to its various parts. Electricity is produced by solar panels.

Recently a school house with two class rooms and a staff house have been completed. Since the school is extended each year, we continuously dependent on financial help through donors.

Whoever wants to help as a volunteer can combine this with a **photo safari**. Join in!

Child Sponsorship

Help a child in Africa or South America with 15, 30, 60, or 90 €/£/\$ per month to leave misery, find a protected home, and have a positive perspective for the future.

Student or Project Sponsorship

Finance a student. Contribute to the construction of new living quarters, class rooms or workshops for orphans. Help to extend the area where vegetable, fruit, and cereals are cultivated in order to pursue self-sufficiency and education. Build income generating departments to lessen the dependency on donations.

Mission Trips

Share your knowledge, skills, and hobbies in a L'ESPERANCE project with the children, in house construction, as a teacher, professional counselor, in agriculture, craft, or as a health counselor. Get acquainted with dear children on site and kind local people apart from the flow of tourists. Combine your help with a trip through one or more of these fascinating countries.

We extend a warm welcome to you! Get in touch with us!
